Description: This bill provides $8.3 billion in emergency funding for federal agencies to respond to the coronavirus outbreak.

Goals:

- Provide funding for the research and development of vaccines, therapeutics, and diagnostics
- Provide funding for the prevention, preparedness, and response efforts - at the federal, state, and local levels
- Provide funding for medical supplies and health-care preparedness
- Provide funding for international COVID-19 response

Housing-Related Appropriations:

TITLE II – SMALL BUSINESS ADMINISTRATION, DISASTER LOANS PROGRAM ACCOUNT (INCLUDING TRANSFERS OF FUNDS)

Provides additional amount of $20M for administering the disaster loan program, which grants economic injury disaster loans

Stakeholder Involvement: Broken down organizationally, the bill provides emergency supplemental funding for the following departments and agencies with the United States Department of Health and Human Services:

- Food and Drug Administration
- Centers for Disease Control and Prevention
- National Institutes of Health
- Public Health and Social Services Emergency Fund.

Outside of HHS, the bill provides additional funding for:

- Small Business Administration
- Department of State
- U.S. Agency for International Development.

Complementary policy responses:

- Families First Coronavirus Response Act
- Coronavirus Aid, Relief, and Economic Security Act
